

Class 1 Autumn 2 2017

This half term as well as gaining inspiration from the children's interests we will be finding out a little bit more about Australia.

In Literacy, we will be learning how to write sentences correctly and how we can make our writing more interesting using adjectives. We have lots of budding story writers in our class and we will be learning how to make our stories exciting! We will be looking at counting in multiples of 2 and 5 and also looking at how we can solve multiplication problems! We will continue to build on our work and knowledge of everyday skills including number recognition and writing numbers in words.

Please continue to support your child with their reading; it really does make a difference to their outcomes! It is recommended that you try to read with your child **3 times a week** if possible. **The impact this makes is huge!**

Don't forget to keep letting us know about your child's success at home. We love to share achievements and our 'Good news from home' wall needs filling up so please bring in some news about what fantastic things the children have been learning at home!

PE - Mr Warriner will continue to work with the class on Monday learning basic catching and movement skills.

RE - Miss Wilkie will be teaching the children RE this half term and the children are beginning to learn more about celebrations such as weddings and christenings and also celebrations within other religions.

To help your child, please ensure they have named PE kit in school every day, along with reading books, home learning books and their reading journal.

Reading books - **Daily to school**

PE - **Monday and Thursday**

Many thanks,

Mr. Barwick
