<b>Desired outcome</b>	<b>Chosen action/approach</b>	<b>What is the evidence and rationale for this choice?</b>	<b>How will you ensure it is implemented well?</b>	<b>Staff lead</b>	<b>When will you review implementation?</b>
Improving esteem and confidence levels to achieve higher rates of progress.  Pupils, through a metacognition focus, are able to apply learning strategies to overcome challenging tasks. Pupils can self-regulate and plan an approach to learning which will work for them.	Creating a growth mind set culture in children. For example, 'Is this my best work' rather than 'this will do'  Metacognition CPD	Consultation with teachers and lesson monitoring show there is a developing culture of growth mindset resulting from the AFA project. This needs to be continued. And developed further so that the impact is not lost.	Principles of growth mindset embedded through assembly, quality marking & feedback. Staff training through staff meetings.  Pupil conversations show that children can use the language of learning and talk about ways in which they learn better.	GG  RC	April 2018  Achievement unlocked project £3,000

An increase of opportunities outside school for children in receipt of PP which may be lacking due to financial constraints	School to use PP funding to provide places in after school clubs and school trips. School to provide certain equipment such as PE kits.  School to signpost other funding streams e.g. Beckwith Trust	Regular attendance at clubs & being properly equipped is an issue for some pupils eligible for PP.	Monitor attendance at clubs  Clubs available at lunch time for all pupils	HT	July 2018  Trips/enrichment – outdoor learning
<b>Total budgeted cost</b>				£6500
