

## A 'Friday Celebration' note from Miss. Bennett...

It is the official end of the Summer term and what has turned out to be the most unusual academic year. I am just so happy that we managed to offer all the children the opportunity to return on a part time basis this half term. I would like to take this opportunity to thank my fantastic federation staff and governors who have put in endless amounts of work and efforts and shown continued determination through these very challenging times. A real federation family effort!

Obviously, I thank all our amazing children, of whom I am so proud, you have transitioned between home and school learning and adapted to our new routines brilliantly. It is your happiness, enthusiasm and enjoyment of school and learning that gives us the energy and determination to succeed in everything we do.

I would also like to show my appreciation to all of you, the parents and carers, for your ongoing commitment in supporting your children and our Federation especially through the period of Lockdown home learning. Everyone should feel very proud of themselves, our families, our schools and communities in how we have all worked and supported each other in getting through these difficult times.

The whole Federation, children, parents, staff and governors are our Friday Stars this week!

We have had a final, busy week as always, with innovative 'social distanced' loved school events, very much enjoyed by all, to mark the end of the summer term.
