# A 'Friday Celebration' note from Miss. Bennett…

Happy Friday to all and we have lots to celebrate regarding your 'Home Learning' this week.

All your class teachers have been keeping me up to date on all the fantastic 'Home Learning' that you have been doing. Each Friday your teachers will nominate a child in your class for either an individual brilliant achievement, innovative idea or simply for standing out this week!

Husthwaite

Class 1

Phoebe L for her creativity in making a beautiful Easter Tree and all the decorations to go on it!

Class 2

Alex for his skills in baking a Roman honey cake as part of his topic work.

Class 3

George M for his creativity in making a 'thankfulness tree'. A brilliant idea for keeping positive during these trying times.

Sessay

Byland
Lola for her independent Science work in identifying seeds and bulbs in her garden and then planting her own.

Fountains
Elliot P for designing and completing his very own obstacle course and for building an amazing Lego rocket!

Rievaulx Mrs Sowray
Ruby for her imaginative and creative idea in cutting out and decorating cardboard hands with different coloured nail varnish to hang up as bunting to cheer everyone up!

Rievaulx Mrs Watson
Adam for his determination in completing his area and perimeter jigsaw.

A huge well done to all of you! Remember to take a minute to think about everything you have done this week…
Can you now tie your shoelaces? Maybe you've made progress in learning to tell the time? Did you get an improved score in your home spelling test? Have you made up a new game to play with rules?
What do you think has been your biggest achievement this week? Discuss with your parents/carers what you think it should be. Remember to write or draw it at the end of your diary entry for today.

Today is the start of our 2 week Easter Holiday. Normally we would have had our school Easter service at church today. I have attached some ideas as you might like to plan and hold your own Easter Service / Family Collective Worship at home. My challenge to you in the Easter holiday is to do something nice for someone else every day – make them smile! Record them in your Home Learning Book. Then if ever you are having a not so happy moment, read your list to yourself and I promise you it will make you smile, feel happy and very proud of yourself.

Relax, take care and stay safe. Recharge your batteries ready for some new 'Home Learning' on Monday 20th April.
😊

If you fancy an 'egg-citing' Easter activity to keep you busy in the holidays:

- Make an Easter bonnet to wear on Easter Sunday.
- Design a vehicle that can transport a hard-boiled egg safely from one point to another.
- Design a device that will protect a hard-boiled egg when it is dropped from a height.
- Design some packaging for a new Easter egg.
- Create an advert to promote a new Easter egg. This could be for a poster / billboard, a digital display advert or an advert for radio / television / cinema.
- Write the Easter bunny's diary entry about his / her disastrous day delivering the eggs.
- Write a recipe for a delicious Easter treat... or try following a recipe to make your own!
- Make a comic strip or an animation with an Easter theme.
- Build an Easter egg / bunny using Lego or other construction toys.
- Design and make some Easter themed paper chains to decorate your house.
- Write your own Easter shape poem.
- Create an egg launcher that will fire a small toy egg as far as possible (ensuring that there is nobody in the way first!).
- Find out how Easter is celebrated in different parts of the world. Could you write a news report or create a PowerPoint to teach your family what you discover?
- Use programming software to design a game with an Easter theme.
- Plan an Easter egg hunt for your family. Can you set up some clues and hide them in safe places around your home / garden?
- Design a board game with an Easter theme to play with your family.
- Have fun. Happy Easter!
